MAYSVILLE, KENTUCKY, FRIDAY, MAY 5, 1916.

#### HIG PARADE ON OPENING DAY.

Arrangements are being made by the baseball officials for a big parade here on the opening day of the baseball season. The River City band of Portsmouth, and the Maysville Band will disengage their music for the occasion. The line of march had other participants have not yet been completed.

A revival will begin at the Apostolic Holiness church May 5. Good music and singing. Everybody welcome.

#### MASON COUNTY COURT.

The following business was transacted Thursday in the Mason County Court:  
Miss Agnes Fox, named in the last will of Patrick Fox, deceased, as executrix, appeared in court and qualified as such without surety as was requested in the will.  
Charles L. Daly was appointed guardian to Minnie Lee Wilson, a minor under 14 years of age, and he qualified as such with W. Hall Strode as surety on bond.

#### LETTER OF PRAISE

For Rev. Yeuell Is Received By Rev. A. F. Stahl From Pastor of Winchester Church.

Rev. A. F. Stahl, pastor of the Christian church, is in receipt of the following letter from Rev. J. H. McNeill, pastor of the Winchester Christian church, telling of the successful work of Dr. Herbert Yeuell in the revival which recently closed there:

Herbert Yeuell and Earle Yearney, his aides, have just closed here one of the most satisfactory meetings in which I have ever had the pleasure of participating. Through five Sundays they have gripped this community with increasing power. The audiences have been continuously large. On Sundays many have been turned away. There were eighty-six additions, mostly adults. We consider this a good in-gathering, as we keep our great little school closely gleaned.

Herbert Yeuell is distinctly an evangelist. No clap-trap, no sensationalism mars his fine message. His is the sanest sort of persuasive, powerful preaching, the highest type of modern evangelism. I have heard no more faithful exponent of the doctrines of primitive Christianity. Kindly, courteous Christian, he preaches "the truth in love." His sincerity and devotion to duty inspires all. His earnestness and enthusiasm profoundly impresses all. His message is always searching and compelling. His sermons and lectures abound in allusions to nature, science, art, history and literature. His style is dramatic but always sincere and convincing. His scholarly tastes give a literary finish to his addresses that charms his cultivated hearers and yet they are so lured and sparkling as to hold the attention of school children. He was very popular with the young people of the city and they were present in large numbers at every service. He delivered eight addresses to the schools and college, and was always received with the greatest enthusiasm. He delivered five of his great chautauque lectures to crowded houses. His equipment for this work is unexcelled. These lectures are not something apart from the meeting but powerful illustrations of many of the great truths he is constantly emphasizing. In this field he has absolutely no rival.

Earle Yearney captured our city from the start. As a soloist I have not heard his superior. His singing and leadership are of the highest order. He has a voice of singular sweetness and remarkable range. He is surely a master of his field.

To my preaching brethren and to our churches desiring high-class evangelism, I unhesitatingly and without reservation commend Herbert Yeuell and Earle Yearney.

#### CAUGHT YOUNG FOXES.

Mr. Harry Catron of Aberdeen, caught a batch of six young foxes Thursday afternoon in the hills near Aberdeen. He brought them to Maysville Friday morning and offered them for sale to local sports who will use them for a chase when they grow a little.

#### RECOMMENDATION FOR MISS SUE SETTLE.

(Owenton News-Herald.)  
Miss Sue Settle received a letter Friday from Mr. J. W. Caplinger, chairman of the board of education of the city of Maysville, notifying her of her election by the board as a teacher in the Maysville High School. Miss Settle is the daughter of Col. James H. Settle, and a niece of the late Congressman Evan E. Settle, and is now one of the teachers in the Owenton High School. There is no girl in Owenton with more friends than Miss Settle, and her popularity as a teacher here is evidence of this fact. She is a young lady of rare accomplishments, attractive, refined and Owenton's loss will be Maysville's gain. When interviewed Miss Settle had not determined whether she would accept the Maysville position or hold the one here, but her friends hope she will decide to remain at home. As a teacher Miss Settle would be a credit to any schoolroom of any city school in the state.

#### SENIOR CLASS PLAY TONIGHT.

Instead of "all roads leading to Rome," tonight they will center to the High School, where will take place the school event of the season—graduating class of thirty-eight members will offer a splendid dramatization of Elliot's "Silva Marner." Come out and watch the work of the largest class ever sent out from our High School. Admission 25 cents and 35 cents. Reserved seats at Williams' Drugstore.

#### MAYSVILLE CHAPTER EXTENDS TAIN'S GRAND HIGH PRIEST.

Last night Royal Arch Masons from Mason, Itasca and Fleming counties were present at the annual inspection of Maysville Chapter No. 9, which was conducted by Grand High Priest John W. Jett. A large number of visiting brethren were present and the R. A. 32 degree was conferred on a class of three.

John T. Smith of the Margent pool-room, caught an eight-pound bass in the North Fork Thursday.

#### MISS MARGARET SMITH

Was Successful Contestant In Ledger Advertising Contest and Wins The Prize of \$20 In Gold.

Miss Margaret Smith, daughter of Mr. and Mrs. William Smith of West Fourth street, is the winner of the \$20 in gold offered by The Public Ledger advertising contest, which closed Monday night.

Miss Smith had 95 per cent of her answers correct, which showed that she had made a careful study of the advertisements. Her closest competitor had a percentage of 90 and a number of others were also close contenders. The merchants are satisfied with the results obtained through the contest, feeling that people have been led to make a more careful perusal of the advertisements than ever before. People are becoming more and more aware of the fact that the successful merchants are the ones who advertise consistently.

The prize was announced and the money paid to Miss Smith at the close of the first show at the Washington Theater.

To those who were in the contest and were not successful we would say that your time has been well spent in reading what the Maysville merchants offered and you are therefore repaid. The Ledger extends thanks to the merchants and business houses that were in the contest, to those who were striving for the money and to the Washington Theater for its interest in the matter of announcing the prize winner and paying the money to Miss Smith.

We wish to congratulate Miss Smith upon her efforts which made her successful over a large number of other contestants.

#### PICTURE CANCELLED

"The Birth of a Nation" Will Not Show Here On May 10 and 11. May Come Later.

Manager Thomas M. Russell of the Washington Opera House received word Thursday that "The Birth of a Nation," which was scheduled to show here on May 10 and 11, would not be here. He immediately wired for an explanation and was told that the company was unable to fulfill its contract, but would probably be able to show here during the week of June 12.

Mr. Russell also wired President William Gableman of the Portsmouth baseball club, that the picture had been cancelled. Mr. Gableman wired back that the people of Portsmouth who had expected to see the picture here on the day of the opening ball game were very much disappointed and that a number of them would not come. He said that the special to Maysville was sure to come, however, with about 125 people. If the picture had not been cancelled the number would have doubled that.

A large number of people from Cincinnati, Flemingsburg, Ewing, Mt. Olivet, West Union, O., Manchester, O., Aberdeen and other surrounding towns and cities had made arrangements to see the picture here and will be badly disappointed when they hear of its cancellation.

Manager Russell will try to have the picture here some time during the week of June 12.

## "WATCHFUL WAITING" COLLAPSE.

That "watchful waiting" only leads to war is the sad conclusion to which both Democrats and Republicans have been forced by the recent developments in the relations of the United States with both Germany and Mexico. The spectacle of President Wilson's persistent blundering and abject failures is one which must bring sorrow to every patriotic American. Instead of keeping the country out of war he has done everything possible to bring on war, and that fact is now borne home to his partisan colleagues as clearly as in the past it has been realized by the Republicans, and none can gainsay it because the testimony has come from his own lips, in his message to Congress on the negotiations with Germany, and in the statement of his Secretary of State, Mr. Lansing, who hears evidence to the disastrous blundering in the Mexican situation. On Tuesday, Secretary Lansing served notice on the cabinet of his conviction that humiliating as such a course must be, the United States must withdraw its troops from Mexican soil, whether Villa has been captured or not. The view was expressed at the cabinet meeting that it would be humiliating in the extreme to withdraw from Mexico without accomplishing the purpose for which the punitive expedition was undertaken, but Mr. Lansing stated that Carranza and his followers demanded such withdrawal, that they refused to respect the American flag or to accept the sincerity of purpose with which the expedition was undertaken and that general war with Mexico would inevitably follow if the troops were not immediately withdrawn.

Several weeks ago a number of Republican newspapers challenged any Democrat to give a list of public questions which the American people deem of importance and upon which President Wilson has not changed his mind since he was elected. So far as observed no one has undertaken to make up such a list. There is still plenty of time and we should be delighted to read a list prepared by some of President Wilson's admirers.

Hunting Villa reminds us of the story of the Irishman and the flea—with full apologies to the flea, however, for the comparison.

## PULPITO PASS PROVES PRESENT PRESSURE POINT.

Douglas, Ariz., May 4.—An attempt by a body of de facto Mexican cavalry, the advance guard of General Arana's force, to enter Chihuahua through Pulpito Pass, was blocked yesterday by American troops according to a reliable report received here from American sources.

The Mexicans, according to the report, were under command of Colonel Jesus Maria Aguilera, and had penetrated eighteen miles into the pass before their movement was discovered by a United States military airplane which reported their presence to the American commander.

The American troops are said to have been drawn up in strategic formation to hold the pass and Colonel Aguilera did not attempt to press forward, but went into camp and dispatched messengers to the rear, presumably to communicate with General Gomez.

Colonel Aguilera's advance into Chihuahua is believed here to have been the forerunner of a general movement.

Americans arriving here from the south reported that forces of General Gomez, which have been scattered in the towns of the Matamoros valley, have received orders to concentrate between Colonia Morelos and Colonia Oaxaca and are marching northward toward that point. This would place the entire command on the road to Pulpito Pass, through which they would enter Chihuahua in the Casas Grandes district. Gomez is reliably reported to have 3,500 men, including cavalry and four cannons.

The garrison at Agua Prieta is not more than 300 strong.

Wild rumors are current on both sides of the border and arrivals said that a report had reached the de facto government soldiers at Fronteras that 5,000 American soldiers were invading Sonora and it was with difficulty that their commanders restrained the Mexicans from marching northward to meet the supposed invaders.

## HONOR UNCLE JOE.

Washington, May 4.—House leaders are arranging a special demonstration in honor of former Speaker Cannon, now an unaffiliated member, to be held next Saturday. Mr. Cannon will be 80 years old Sunday. Speaker Clark, Majority Leader Kitchin and other Democrats and Republicans are expected to make speeches.

Ten strikers at Pittsburg reported killed by deputies and militia.

## 5,000 MEN ON N. Y. CENTRAL ON VENGE OF STRIKE.

New York, May 4.—The demands of telegraphers and signal men on the lines of the New York Central and Nickelplate railroads for increased wages and better hours will not be granted, it was announced here by A. T. Hardin, a vice president of the New York Central.

A strike which, according to the employees, would involve 5,000 men, had been set to begin today, but H. B. Perham, president of the Order of Railroad Telegraphers, said that reasonable time would be granted the railroad officials to give further consideration to the demands. Perham had not been informed officially of the announcement by Hardin and said the next move by the employees would depend upon the roads' future attitude.

Hardin would not discuss published reports that the roads have been rushing men to various cities between here and Chicago to act as strike-breakers, should the telegraphers and signal men walk out.

Giving the devil his due is a good bit like passing him a retaining fee. A girl should never pin her faith to a man unless she is pretty sure she isn't going to be stuck. Don't trust the fellow who leaves his automobile in front of a church and then goes around the corner to raise the devil.

We have had quite a lot of drunkenness in this community here of late, and it is not very pleasant to witness young men and young women staggering around with red eyes and dirty clothes, which we are sorry to say is true. But we have just witnessed the spectacle of two young boys, aged 16 and 10 years, pass through our village, both intoxicated and the youngest boy being so drunk that he had to be held in the wagon, not knowing where he was or being able to walk or talk, but lying at full length on the bottom of the wagon bed. These boys had a one-gallon jug of whiskey in their wagon and were en route home from Flemingsburg, their home being near Rynn, three miles above this place.

## WILLYS-KNIGHT

## Truly The Most Wonderful Car Ever Produced

Last summer when the Willys-Overland Company announced they would build a car with the wonderful Knight sleeve valve motor to sell for less than \$1,200 it created a sensation; for up to that time no car with a Knight motor had ever been sold under \$2,000. The Willys-Overland Company had been testing out this motor for years, and had been building cars equipped with it for the past three years, but they were sold principally in the east, and the price was nearly \$3,000. The factory was completely swamped with orders for the new car. We did not get our demonstrator for over four months. On a contract for fifty cars they would only allow us two Willys-Knights. We needed more, so we devised a plan to get them. We located a number of small dealers who could get only one during the year and persuaded them to sell us that one. In this way we succeeded in getting a few cars which we put in stock during the winter months and now have them ready for delivery. They will not last long, and we can not get more this season. We have already sold four of them.

The Knight sleeve valve motor will revolutionize automobile building, and already rival manufacturers are frantically announcing "motors of new design," "high speed motors," "motors of particularly designed crankshafts," and other features which they would have you believe are new. But all of the features are old and have been tried out for years. It is the only motor that improves with use. Carbon deposit makes it more silent and more powerful. It can not be heard running when standing a few feet from the car. It has more power than any other motor of its size. It uses less gasoline than any other motor of the same power. It does not reach its best performance until it has run 50,000 miles, and many other motors are worn out at that mileage. We guarantee it absolutely free from trouble, and will repair any Knight motor free of charge if it develops trouble inside of two years. No other motor can be guaranteed that long. No valves to get out of adjustment, warp or grind. No carbon to remove. More simple in design than the common motor.

It is your money you are spending for a car, and you owe it to yourself to get the most for your money. We can give it to you and you owe it to yourself to investigate this, its history, and its records of local performance. Don't ask our competitors, but ask the owners who drive the Willys-Knight.

Remember, the Scientific American says it's the best, the Royal Automobile Club of London says it's the best, engineers of the United States Government say it's the best, and all owners say it's the best. Then why not investigate it? Get your money's worth. Phone, write or call for demonstration.

## It Isn't So Much What You Pay for Clothes, as to Whom You Pay it

When you see a particularly well dressed young man the chances are some store more interested in his satisfaction than in his individual expenditure and quite a hand in his get-up.

He simply went to the right store. He'll go again. So will his friends. The store people were really wise after all. That's the way we run this store.

## KICKERS' CORNER

If any one at any time for any reason has any cause to "kick" in any way at anything of any kind, here's the place to say his say. The door is open—walk right in and help yourself, free gratis and for nothing—but don't make your "kicks" too long—it's the short, quick fellows that count—and cut.

### NOTES OF THE TRAINING CAMP.

Harry Few, aged 18 years, arrived Thursday from his home in New Richmond, O., for a tryout with the local ball club. Few has been attending school and only graduated Wednesday. Manager Jones signed him upon the recommendation of Mr. Charles Triebel, owner of the Pastime theater, who had considerable experience with amateur clubs and players. Sunday, April 23, he pitched against the Weisbach team of Cincinnati and allowed only two hits and no runs. In playing against the Wiedemanns team of Newport last Sunday afternoon he struck out fifteen of his opponents and allowed seven hits. He was defeated in this game 6 to 1 because his team made seven errors.

After a two-days' layoff on account of wet grounds, Manager Jones and the boys were able to go out Thursday afternoon and perform a few mud-burrs. Beginning today the boys will begin practicing twice a day.

Second baseman Sinker, who is playing his first ball with an organized club, is putting up a good article of ball playing, and has probably clinched a regular job.

Nineteen players were out for practice Thursday afternoon. The practice knife will be applied about next Monday, which will reduce the squad to about fifteen.

Kelly still plays a nice game at the shortfield and was picking them up every place Thursday, notwithstanding the fact that the ground was in a very bad shape.

### GERMAN ANSWER

The American Note On Submarine Warfare Delivered To Ambassador Gerard.

Berlin, May 5.—James W. Gerard, American minister, called on Herr von Jagow, the German foreign minister at 5:35 o'clock yesterday afternoon, and after ten minutes of an informal conference was handed the German note to the United States. No reference was made to the note during the ambassador's talk with the foreign minister.

There was hardly more than the usual afternoon crowd in Wilhelm Platz who saw the ambassador go and return. Nobody evinced the slightest interest in the visit, although the trip had been announced in the afternoon papers.

Berlin, May 5.—The reply to the American note on the submarine warfare question is believed to have been handed to Ambassador Gerard yesterday afternoon. Considerable perturbation is expressed over the effect which concessions may have on public opinion here.

Dr. von Bethmann-Hollweg, the imperial chancellor, undoubtedly will have the great mass of the people with him in a desire to avoid a breach in the diplomatic relations with the United States so far as can be done without sacrificing the principle enunciated in the German manifesto of February 8.

The chancellor, with Admiral von Holtzendorff, head of the naval general staff; Dr. Karl Tollerich, the secretary of the treasury, and other participants in the council at headquarters, returned to Berlin early yesterday.

The note, with its explanation of the German attitude toward the British "starvation" policy, will be one of the longest diplomatic documents of the war. It will be released for publication here, in all probability, on Friday morning.

New arrivals in sport shoes at Barkley's Shoe Store.
